

BUILDING BLOCKS - TEST

```
@SpekDsl
interface TestContainer {
    @Synonym(type = SynonymType.TEST)
    @Descriptions(Description(DescriptionLocation.VALUE_PARAMETER, 0))
    fun test(description: String,
            skip: Skip = Skip.No,
            body: TestBody.() -> Unit)
}
```

```
fun Suite.assertDisposed(disposable: Disposable) {  
    delegate.test("assert disposed $disposable", Skip.No) {  
        assert(disposable.disposed)  
    }  
}
```
