

```
fun Suite.assertDisposed(disposable: Disposable) {  
    delegate.test("assert disposed $disposable", Skip.No) {  
        assert(disposable.disposed)  
    }  
}
```

```
fun <T> Suite.checkElementsIn(collection: Collection<T>, body: T.() -> Unit) {  
    collection.forEach {  
        this.delegate.test("assert element $it", Skip.No) {  
            body.invoke(it)  
        }  
    }  
}
```
